

Report about the first task:

Making posters and brochures, which present cultural traditions, government system of partner countries.

We made a map of Europa with particular attention partner countries

We made the whole school move...

1. Teams were formed in the 3rd and 4th classes to introduce partner countries. These teams were combined independently by fellowship or same interest children.
2. 1st and 2nd class's students also worked their task included to make flags of partner countries and they found and taught nursery rhymes from each country.

- We won over parents, so our students with their parents together carried out the task in the library and they gained a lot of information by using the internet.
- Flags were made, the youngest students collected the songs.

- Teams presented the ready tasks at a corporate party on the 11th October, 2010.
